Location: Approximately 10 nm SE of the complex support facility

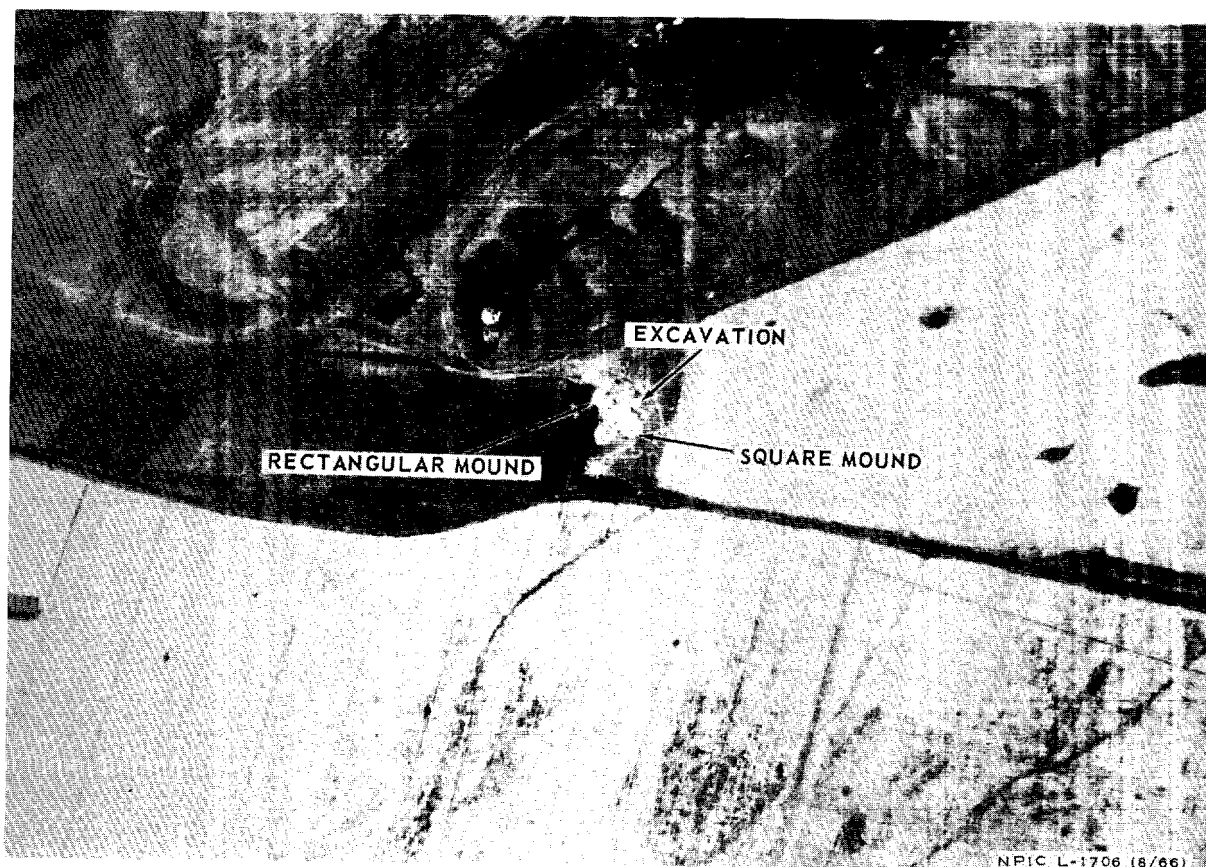

Type: IIIC

Negation Date:

Stage of Construction: Early

Date First Seen:

The fenced launch site is situated in a flat field bordered on the west and south by a tree line. The site consists of an excavation with a rectangular and a square earth mound on the NW and the SE side, respectively. A building NW of the rectangular mound is the only support structure visible. The site is served by a road from the west.
